Divorce Trust
Busy in Owosso

Attorney Says Certain Persons
Are Paid to Break Up
Families.

OWOSSO, Mich., Aug. 22.—With court calendars jammed as never before with divorce actions, this little city was stirred Friday by the charge that a "divorce trust" had fastened its grip upon Owosso.
The accusation was made by Albert L. Chandler, an attorney who claims that certain residents are regularly employed by lawyers to stir up marital troubles and get a generous commission for each case. A public indignation meeting has been called.

Methodist Protestants and United
Brethren May Unite in State.

MUNCIE, Ind., Aug. 22.—Indiana Methodist Protestants in annual conference here, failed to vote on the question of a union with the United Brethren church, but referred it to a committee to investigate and report back at once.

It is believed the committee will endorse the movement and that its report will be unanimously adopted.
The only question over which a controversy may arise is that of a name. Several speakers suggested "United Protestant", and this met with favor.

WOMAN WHO DOES GREAT WORK
AS JUDGE OF CHICAGO'S JUVENILE COURT

By Mary W. Bartelme.

Miss Bartelme was for 18 years public guardian for the children of Cook county. She was graduated from the Northwest university law school in 1894. Years ago at the suggestion of Judge C. C. Kohlman she took charge of some probate cases and in dealing with questions relative to the guardianship of children showed such a degree of judgment and sympathy that the judge appointed her public guardian of Cook county.

In this work she was the official mother to never less than 400 children at a time, caring for their health, their education and their finances. She has become the child expert to whom divorce court judges turn for advice as to the disposition of court orphans.

Now, as Judge Bartelme, she deals, more like a sympathetic elder sister than a judge with the many young girls who are brought before her, giving them whenever it seems possible, another chance either in new homes or in their old homes on probation.

TWO FAIR WOMEN SWIMMERS
CROSS THE GOLDEN GATE

They Didn't Break Any Records, But Succeeded at Task That
Only Two Other Women Have Ever Succeeded In.

Mrs. Myrtle Wright and Miss Meyer photographed while swimming Golden Gate strait, San Francisco. Top picture from left to right—Mrs. Wright and Miss Meyer. Their women swam from Fort Point to Lime Point, a little over a mile. Mrs. Wright's time was one hour and 21 seconds; Miss Meyer's, one hour and 28 minutes.
In all, only four women have ever swum the Golden Gate. It is one of the most difficult feats in the world on account of the treacherous tide rips.
The record of Nellie Schmidt of 42 minutes, made August 20, 1911, still stands as the women's record for the swim.

JUST ONE MORE DRINK
BUT IT FINISHED HIM

INDIANAPOLIS, Aug. 22.—Harry Glascock, on his way today to the home of the priest of his parish to sign an abstinence pledge, passed the yawning door of a saloon.
"One more drink before I quit for good," he said and turned in.
His little daughter, whom he had taken along to give him courage, waited many minutes before she went in search of her father. When she led him from the saloon he was drunk again. She was met at the door by a policeman, who took her father to jail.
Judge Collins made him sign the pledge.

PREPARE BEDDING
FOR WINTER NOW

Get Cleaning Done Gradually
and Task is Lighter Says
Mrs. Coe.

BY MRS. CAROLINE COE.

It is already time to begin cleaning and preparing for the fall and winter. Bedding may be gotten in order first and later the winter rugs and hangings. Then will come the actual housecleaning and by taking time by the forelock it may be all done and out of the way when the frost comes, leaving opportunity to enjoy the delightful days of Indian summer in idleness.

To Make Sanitary Comforts.
If you find that your comforts have been wearing out and think it necessary to have some new ones before fall, let me tell you a way to make them so they will last twice as long as the old way. Make your comfort of cotton in the usual way and cover with white cheese-cloth. Tack it down rather closely with white cord, then make two extra covers of dainty chintz, pink or blue cheese cloth or whatever will blend with your bedroom furnishings.

Pull this over the white cheese-cloth comfort and task it loosely with baby ribbon. You can have two of these covers for comforts that are to be used on the floor, and so they can be taken off and laundered at least twice during the winter. These comforts are much more sanitary made in this way and the covers are easier to wash than woven blankets. Take your pillows and have them thoroughly beaten out doors for two or three days. This will give them as good an airing as possible, and you can do the same with your mattresses. Be sure that you have a quilted or cotton cloth on every bed over the closely tied bed tidy made of white mattress. These will keep them clean and will pay for themselves many times over in the wear and tear of the mattress and the good health of your family. Make them of white so they will show stains and dust and give you no excuse for not keeping them clean. They should be about half the thickness of a comfort.

Cleaning Cane Furniture.
Now look over your furniture. Probably you will find a piece or two that must go to the cabinet makers, or, better still, you can find some "handy man" who will bring his glue pot, his hammer, nails, screws and his clamps and come to your house and do your work.

For your cane-seated chairs beat out the dust and turn the chair bottom side up, washing with soap and very hot water until it looks clean. Then rinse with clear water in which the juice of a lemon has been squeezed. Put them outdoors to dry quickly. This method will make an old, sagging, cane seat taut and like new.

Cleaning Windows.
Be sure to wash your windows when the sun is not shining. If they dry too quickly they may streak before they can be wiped. A good way to clean them quickly is to use windowing and alcohol and benzene, with enough calcined magnesina added to make a thick milk, is excellent. Both these mixtures are much better for cleaning than soap and water.

To Clean Wood Work.
Wash white paint with a heavy suds made of white soap and to every quart of suds add one tablespoonful of gasoline.

For mahogany or other polished woods use a mixture of linseed oil, vinegar and turpentine, equal parts. Pour some of the mixture on a cloth, rub the wood well and polish with a dry cloth. On unpainted varnished wood use soap and water and then re-varnish.

To Clean Door Handles.
Clean plated handles and hinges on doors by rubbing with a flannel cloth wet with kerosene and dipped in whitening; polish with dry flannel. Clean the woodwork as explained elsewhere for painted or varnished surfaces.
